

Edmonton Bulletin.

VOL. XIII.

EDMONTON, ALBERTA, SATURDAY, JANUARY 30TH, 1892.

No. 14.

TELEGRAPHIC.

WINNIPEG, Jan. 29.

Boyle, conservative, and Brown, liberal, have been nominated in Welland, Ont.

Bain, conservative, and Mousseau, liberal, have been nominated in Soulanges, Quebec.

Wilson, conservative, and Allison, liberal, were nominated yesterday for Lennox, Ont.

Miller, conservative, and Platt, liberal, were nominated yesterday for Prince Edward, Ont.

Oumet's opponent in Laval, Quebec, has been fined for selling liquor without a license.

The Chilean government has apologized for the Baltimore affair, and decided to submit the question of damages to the United States supreme court.

Emmanuel Champagne, of Batoche, has entered an action against the government to recover \$18,000 for losses sustained in the rebellion of 1885.

The directors of the Winnipeg exhibition association have decided to hold the next show from July 25th to 30th inclusive. Mayor Alex. Macdonald was re-elected president.

In the bye-elections on Tuesday, Metcalfe, conservative, was elected in Kingston by 96 majority. Henderson, conservative, was elected in Halton by 444 majority. Gibson, liberal, was elected in Lincoln by 224 majority.

WINNIPEG, January 30.

Patterson will oppose Trow in South Perth, Ontario.

The conservatives have decided not to contest North Renfrew for the Ontario legislature.

The Montreal Herald has been purchased by R. D. McGibbon representing an unknown client for \$18,000.

Carling has been nominated to run in London, Ontario, against Hyman, the unseated liberal member.

A meeting held in Toronto on Thursday night to discuss Canadian independence passed resolutions expressing satisfaction with the present state of Canada.

A meeting of farmers in South Blandford, Ontario, passed resolutions declaring their firm belief in the benefits of annexation to the United States and favoring any means to bring about the desired end.

J. C. P. FE, who has had charge of the issue of permits at Regina, has been appointed chief license commissioner under the new license act.

LOCAL.

FINE weather continues.

ICE cutting has commenced.

WAGONS are in general use around town.

WHEAT 50c to 55c, oats 20c to 22c, barley 20c.

J. WALSH, fur buyer, was in town this week.

C. BEALE is erecting a dwelling on Fraser avenue.

W. VOGEL is erecting a dwelling on the Pritchard estate.

F. FAIRBANKS is erecting a dwelling on Victoria avenue.

A. COUGLAS returned from a visit to Aylmer, Quebec, on Thursday's train.

W. CRAIG is appointed secretary-treasurer of the board of trustees of Sturgeon school district.

A. PRINCE, M. L. A. for St. Albert, arrived on Thursday's train from Regina accompanied by Mrs. Prince.

J. C. F. BOWEN, barrister, has removed his office to P. Daly's building, adjoining Thomson's drug store.

THE widow of the late H. M. Bannerman has received from the Confederation Life, her late husband's insurance of \$5,000.

VIC. ANDERSON, son of Thos. Anderson, crown timber agent at Edmonton, is opening an implement business in Calgary.

THE Citizens & Commercial Union fire insurance Co., has paid Mrs. Gauvreau the full amount of her claim for loss by the recent fire in her dwelling.

TWENTY-EIGHT French-Canadian families, left Ottawa on the 26th for Edmonton, under the charge of Rev. Mr. Morin, to settle at St. Albert. They will arrive on Monday's train.

MISS DULWAGE arrived from Regina on Monday's train to take the junior department of the Edmonton public school. Miss Dulwage has been employed in the Regina public school.

FIVE homestead entries in the Edmonton land office this week.

D. ROSS offers his services as alderman to the electors of Edmonton.

THE usual shipments of coal were not made this week owing to their being no cars.

P. DALY has announced his candidature for a position on the first town council of Edmonton.

THE voting on the formation of South Edmonton school district will take place on Wednesday, February 10th, when the first board of trustees will be elected.

FRASER & CO'S mill is making a better quality of flour than ever before. The firm have purchased a large quantity of choice wheat for merchant milling.

CURLING was impossible during the latter part of last week and most of the present week, owing to the mild weather. The points game was played on one side of the rink only.

D. DESJARLAIS, trader, arrived from Slave lake, on Friday of last week, with an outfit of fur. He sold to the H. B. Co. and left for home again on Wednesday. His fur realized about \$850.

OWING to the long delay in permitting the organization of a school district on the South Side the people interested took up a subscription and engaged a teacher on their own account. The school was opened on Monday, W. D. Wilkie, teacher.

AT the H. B. Co. London fur sales commencing January 25th, rats declined 45 per cent. The catch of rats in the Edmonton district is very large this year and the heavy drop in London prices will be felt heavily here. Beaver declined 25 per cent.

P. HEIMINCK & CO., real estate and financial agents, report the following sales for the month ending January 30th, 1892: 640 acres of farm lands in tp. 53, range 23, and tp. 53, range 24, for the sum of \$3,200; 32 lots, on river lots 10, 12 and 14, amounting to \$4,925.

THE 9 lots occupied by Messrs. Moore & Macdowall, block A, on Main street, as a lumber yard, opposite the Big hotel, have been purchased, through the agency of P. Heiminck & Co., by a syndicate of capitalists who intend erecting business buildings on them at once.

Merrison MacBeth, one of the original Selkirk settlers of Kildonan, Manitoba, died at Prince Albert on January 19th. He came to Red River in 1815. Only two of the original Selkirk colonists are now alive. Mr. Bannerman of Kildonan and Mr. Matheson of Stonewall.

J. CAMERON shipped a fifth car load of wheat to Toronto on Wednesday's train. Mr. Cameron has now in the warehouse ready for shipment 2 cars of oats, 1 car of chopped feed (oats and barley) and 1 car of oats and barley separate. He intends to ship to British Columbia.

AT the cricket concert on Monday night two bats, offered as prizes for the two highest scores made by members of the club during last season's matches, were presented to the winners Albert Pattison and Rev. C. Cunningham. The first was presented by the captain, Jas. A. Petrie, and the second by the club.

THE Northwest Gazette of January 15th contains the appointment of Frederick William Gordon Haultain, member for Macleod, James Clinkskill, member for Battleford, John Ryerson Neff, member for Moosomin, and Thomas Tweed, member for Medicine Hat, members of the executive committee of the Northwest Territories.

THE settlers of Beaver lake held a meeting at R. Logan's on January 4th for the purpose of discussing the question of a more direct road to Edmonton across the Beaver hills. R. McKenzie, chairman, Geo. L. Bickler, secretary. The meeting was strongly in favor of a road being opened direct to Edmonton, which would reduce the distance from 60 to 40 miles.

WM. DAVIS, of Merrill, Michigan, visited Edmonton this week looking up the country with a view to settlement. Mr. Davis is a Canadian, but has resided for some years in Michigan. He is very favorably impressed with Alberta, particularly from the Lone Pine north. He took away a number of samples of grain to be exhibited on his return home.

CLOVER BAR school district has been proclaimed and consists of sections 1, 2, 3, 4, 8, 9, 10, 11, 12, 13, 14, 15, 16, 17, 20, 21, 22, 23, 24, 25, 26 and those portions of sections 27, 28 and 29, lying south of the Saskatchewan river in township 53, range 23, west of the 4th meridian. The first trustees are, W. S. Edmiston, P. Ottewill and Thos. Stephens, who were elected on April 27, 1891.

THE following are the returns of the registrar of vital statistics for Edmonton: Half year ending December 31st, 1890—Births 67, marriages 22, deaths 27. Half year, ending June 30th, 1891—Births 62, marriages 17, deaths 26. Calgary heads the list for the Territories with 127 births, 27 marriages and 51 deaths during the half year ending June 30th, 1891. Calgary also heads the list in all classes in the preceding half year and Edmonton comes next in all classes. North Qu'Appelle records 65 births in the half year ending June 30th, 1891, 3 in excess of Edmonton for the same period, but Edmonton leads all other places.

THANKS. I desire to publicly thank those who so kindly assisted me to save my hay and stable from the fire on Thursday afternoon last. M. BRISSETTE.

G. E. GROGAN. REAL ESTATE AND COMMISSION AGENT, Calgary. Edmonton business transacted. Correspondence solicited.

ESTRAY. Came to my premises soon after Christmas a dark brown cow, short tail, no brand. Owner to prove property, pay expenses and take it away. JOHN FRASER, Lower Settlement.

NOTICE. The undersigned begs to notify the electors of the Town of Edmonton that he will be a candidate at the forthcoming election of councillors. DONALD ROSS. Edmonton, January 29th, 1892.

HEAVY DRAUGHT MARES. M. McKinnon will arrive in Edmonton in March with a car load of heavy draught Ontario mares. For further information apply to D. C. ROBERTSON, Edmonton Cartage Co.

TEACHER WANTED. For the Poplar Lake Protestant Public School District. Applicants to state what class certificate they hold and salary expected. Address Edmonton Post office. JAMES SHAND, Secretary.

ALL SAINTS' CHURCH. REV. CHARLES CUNNINGHAM. Morning service 11 o'clock; Evening service 7 o'clock. Celebration of Holy Communion 1st Sun. day in the month. Sunday School 3 o'clock. CHARLES D. T. BECHER, Church Warden.

MUNICIPAL ELECTIONS. TO THE ELECTORS OF THE TOWN OF EDMONTON. GENTLEMEN:

As you will shortly be called upon to elect a Mayor and the first Councillors to represent the interests of Edmonton as a municipality, I beg to offer myself as a candidate for the position of Councillor. In doing so it is with the earnest desire to further the interests of the Town in which I have cast my lot since 1886.

My interests are not located in any one portion of the town but equally distributed, and I have no particular axe to grind to favor any special locality. Having nothing but the welfare of the town at heart and while advocating all economical measures I would state that if elected I will support the following measures:

FIRE PROTECTION—Giving us an economical while efficient service and lowering our rates of insurance.

STREET IMPROVEMENTS—Opening up of those streets now closed and the removal of all obstructions from the same.

INDUSTRIES—Advocating as a rule no bonus, but temporary exemption from taxation, for any corporation and parties erecting Roller Process Mills, Elevators, or any other industry which would materially advance the welfare of the town and surrounding country.

PUBLIC WORKS—Bringing to bear every influence, vigorously and continuously, to have this year constructed a traffic bridge, government buildings, including a post office and custom house, and to have these located with a view to public convenience.

I remain, Gentlemen, Your obedient servant P. DALY

Owing to rush of work in our Winnipeg Studio, Our Mr. F. Steele has found it necessary to postpone his return visit

TO FORT SASKATCHEWAN,

until further notice.

Date of our next visit will be announced as soon as possible.

STEELE & WING PHOTOGRAPHERS, WINNIPEG.

NOTICE. IN THE MATTER OF SAMUEL WILKINSON, DECEASED.

NOTICE is hereby given, pursuant to 22 and 23 Vict., Cap. 35 (Impl.) that all persons claiming to be creditors or otherwise to have any claims or demands upon or affecting the estate of Samuel Wilkinson, of the Settlement of Edmonton, in the District of Alberta, Miner, Deceased, who died on or about the 11th day of September, A. D., 1891, are hereby required, on or before the 1st day of March now next ensuing, to send particulars thereof duly verified by affidavit to the undersigned, the Administrator of the estate and effects of the said deceased, and to whom letters of Administration were granted on the 10th day of January, A. D., 1892, by the Supreme Court of the Northwest Territories, Northern Alberta Judicial District;

AND NOTICE IS HEREBY FURTHER GIVEN that after the said 1st day of March the said Administrator will distribute the assets of the said deceased, having regard to the claims then notified only;

AND FURTHER TAKE NOTICE that all persons indebted to the said Deceased are hereby notified to make payment of their said indebtedness on or before the said 1st day of March, 1892.

Dated at Edmonton, this 26th day of January, A. D., 1892.

JAMES GIBBONS, By his Advocates, BECK & McNAMARA.

FRANK OLIVER, proprietor.

EDMONTON BULLETIN, JAN. 30, 1892.
INCORPORATION.

The proclamation incorporating the town of Edmonton will take practical effect on Wednesday, February 10th when the first council of the new town will be elected. Although the population of the town is small and the assessment roll will not be very large it is to be hoped that the electors will estimate at its true value the trust which they are about to place in the hands of seven of their fellow citizens. Population and assessment are not the only standards of importance regarding a town. Incorporation did not become a fact on account of what Edmonton is, so much as on account of what it is to be. It is not a result of the development that has occurred—wonderful though that is, all things considered—so much as a step towards still further development. It was that, that a crisis had been reached in the affairs of the town in which so many have sunk so much of their capital of time and energy and money, and that united action from this time forward had become a necessity if what had been gained or made was to be preserved. To stand still was impossible. There were too many adverse forces at work. We must either go forward or be pulled back. Therefore in order that we might go forward, and thereby resist being pulled back, the decision to incorporate the town was reached. Now whether we shall go forward or not depends very greatly on the men sitting in the first council. A few years hence it will matter little what manner of men they are who sit in the council, but now our whole future depends on the sound judgment of the men about to be elected. They must be enterprising and yet economical, bold yet careful, ready to seize an opportunity and yet avoiding unduly dissipation of funds. While looking out for appearances, looking out carefully for extravagance; remembering that a heavy burden of debt is the greatest drawback to any town. Commerce and manufacturers are what we look to to make Edmonton. To assist their development in every reasonable way should be the first care of the first council. If we can keep the lead we have in these particulars for the next year or two the future of Edmonton is assured. This will be the work of the new council and there is no reason why they should not be successful, for that Edmonton should not be in any way far behind the most plainly intended, the leading city in the Northwest. It is to be hoped that the electors will choose men whom they know and who have a deep material interest in the welfare of the place. When offices are to be distributed or money to be spent the people are often surprised to find that they have no many friends, and to know how many men have as many different schemes to ensure prosperity for all. In considering the merits of the different candidates it will be well to consider them in the light of past experience, as public officers or as men of business, and to particularly bear in mind that in municipal matters the only money handled comes directly sooner or later from the pockets of the individual ratepayers and therefore that a man who is liable for a large amount of taxes himself is more apt to be careful of expenditure than one whose taxes are not as important an item to him as his own.

The death of Cardinal Manning has excited the deep sympathy of the Roman residents of Montreal, as the dead prelate was known to be a warm friend of the Jews, and the Baron de Hirsch, president of the Montreal branch of the B'nai B'rith association, has passed a resolution expressing sympathy with relatives of the late Cardinal and the Roman Catholic church at large in the line which they have sustained.

The English's Quebec correspondence writes: "Mercier is going to have a hard fight to be elected in Bonaventure, Pateau, captain of the Bas de Chaudiere militia company, having accepted the candidature against him. In his last election the captain had all the votes of the Bonaventure militia.

FALL AND WINTER GOODS JUST OPENED OUT AT THE MANCHESTER HOUSE

I have pleasure in directing special attention to the enormous, and very superior assortment of Fall and Winter Goods now opened out. More than ordinary care has been exercised in their selection and I am satisfied that the superior quality of the Goods and the extremely moderate prices will lead to a very large Fall Trade.

In the Ladies Department will be found a very fine assortment of Dress Goods and Trimmings, Silks, Satins and Velvets, Trimmed and Untrimmed Felt Hats and Hat Trimmings in endless variety. Also a splendid range in Walking Jackets, Fur Caps, Fur Capes, Mantle Cloths, Jerseys and Shawls, etc., etc. In Winter Underwear there will also be found a very fine selection. And in short, in Ladies Goods both Fancy and Staple, will be found a most lovely and complete assortment, unsurpassed in town.

In Men's and Boy's Ready Made Clothing, I have just opened out an enormous consignment in every range. Also in Fur and Cloth Overcoats, Fur Caps, Cardigan Jackets, and Underwear, etc., etc., the stock is all that could be desired as regards quality and prices.

CROCKERY, CHINA AND GLASS

I beg to direct very special Attention to the above, comprising handsome Dinner and Tea Sets in beautiful design. Also Toilet Sets of various kinds. Crockery and Glassware in endless variety. All to be had at prices lower than ever.

In House Furnishings, such as Carpets, Rugs, Floor Cloths, Curtains, Blankets, Quilts, Sheetings, etc., etc., I have found a large range, and at prices that will compare most favorably with those down east.

W. JOHNSTONE WALKER,
DIRECT IMPORTER OF ENGLISH GOODS.

EDMONTON BULLETIN SUPPLEMENT, January 30th, 1892.

SCHOOL LAW AMENDMENTS.

The following amendments were made to the school ordinance at the recent session of the Northwest assembly.

The members of the board of education hold office during pleasure, instead of for two years as at present.

The board meets at Regina, when called by the executive committee of the assembly, instead of twice a year as at present provided.

Instead of school inspectors being appointed by the board of education as at present, "The lieutenant-governor-in-council may appoint inspectors of schools in the Territories, and fix their salaries and travelling allowances, and such inspectors shall severally hold office during pleasure, and in addition to the duties imposed upon them under subsection (5) of section 10 of the said ordinance shall perform such other duties as may be imposed upon them, from time to time, by the lieutenant-governor-in-council."

Instead of two boards of examiners appointed by the Protestant and Roman Catholic sections of the board of education respectively, "There shall be a general board of examiners for teachers' certificates, who shall be appointed, and whose remuneration shall be fixed by the lieutenant-governor-in-council." But "each section of the board shall have the selection of text books for the examination of teachers in history and science, and it shall have power to prescribe any additional subjects of examination for the teachers of schools of its section, and for all examinations on such subjects the examiners may be appointed by such section, and shall, if so appointed, respectively have exclusive jurisdiction. The number of such examiners shall be fixed by the lieutenant-governor-in-council."

Instead of schools becoming organized at any time of the year, "A school district shall be proclaimed in the month of June or December, as the case may be, immediately following the receipt by the lieutenant-governor of the report and declaration of the chairman of a first school meeting; and new districts shall only become entitled to government aid on, from and after the first day of the school term following such proclamation."

If a trustee absents himself from the meetings of the board of trustees for three months his office becomes vacant.

The provisions in regard to school grants are altered as follows:

"12. There shall be paid from the general revenue fund of the Territories in aid of schools organized under and conducted according to the provisions of this ordinance, 70 per cent of the salary paid by the trustees to the teacher or teachers employed;

Provided that the annual salary upon which such percentage is payable shall not exceed the amount hereinafter provided, to be made up as follows:

(a) To schools having an average attendance of from six to ten pupils graded in Standard III or under, where a teacher holding a 3rd class or provisional certificate is employed, \$360.00

(b) For every pupil in daily average attendance over ten pupils, an additional amount of \$5.00.

(c) For every pupil in daily average attendance in all standards above III, according to the last examination, as provided for in the next following section, an additional amount of \$25.06;

(d) For each teacher employed holding a 2nd class certificate an additional \$15, and for each teacher employed, holding a 1st class certificate, an additional amount of \$50

Provided that in schools where more than one teacher is employed each department shall rank as a school, under the provisions of sub-section (a), when each teacher employed has a daily average of not less than twenty pupils;

(e) Upon the recommendation of an inspector the lieutenant-governor-in-council may make a special grant to any school, whether organized according to law or not, out of the general revenue fund of the Territories.

13. There shall be regular promotion examinations held in each school in the month of June or July in each year, in accordance with regulations to be issued by the board of education, in all standards from standard III upwards;

(a) In order to be promoted from standard III to standard IV, pupils must pass the examination to be held in the month of June in the following subjects, namely: Reading, dictation, Composition and language, arithmetic, geography and history, as prescribed in standard III of the programme of studies.

(b) To be promoted from standard IV to standard V, a pupil must pass the entrance examination to be held in the month of June to the High School branch of Union Schools;

(c) To be promoted from standard V to standard VI, a pupil must pass the examination to be held in July for a 3rd class certificate;

(d) To be promoted from standard VI to standard VII, a pupil must pass the examination to be held in July for a 2nd class certificate.

Notice of the intended appointment of an additional teacher or teachers shall be given

in writing by trustees to the secretary of the board of education at least three months previously to the date at which the services of such teacher or teachers, in respect of which government aid is claimed, have begun.

15. The provisions of section 12 of this ordinance shall not come into force until the first day of July, A. D., 1892.

WEATHER.

There is no feature of the Northwest that has such a terror for those who reside in other parts of the world as the winter weather. The land may be fertile and easily acquired, the summer may be pleasant and productive—but oh, the winter! How do you stand it? There is no doubt that the rule for the Northwest is cold weather in winter. That it is very cold at times, and that if proper precautions are not taken it is felt severely, and may easily be fatal. Without going into an argument to prove the now accepted fact that it is the severe and assured winter to which Manitoba and the Northwest owes its superior fertility and healthfulness over the more southern regions in the United States, it may not be out of place to mention that although the present has been an unusually cold and stormy winter in the eastern part of the Territories and Manitoba, it has been uniformly mild in this western part. There has been no cold winter weather at Edmonton this season, except for about ten days from the 6th to the 16th of January. Since that time the sky has been clear, the sun bright and warm and the air calm. The most perfect weather that can possibly be imagined, except that it is taking away the sleighing. House building is going on under most favorable circumstances, and the weather in general is like—it is not like any weather enjoyed in any other country. It must be seen and felt to be appreciated. It is most nearly like Indian summer, but the ground is frozen and there is still enough snow for sleighing. Of course this is exceptional, but it is not infrequent, and when people in the east picture the Northwest as lying for six months in the year under a mantle of hard drifted snow, with the thermometer perpetually 40 below zero and a perpetual blizzard blowing, they will kindly except the Edmonton district from the scene.

AMENDMENTS TO THE LICENSE ACT.

The license bill was amended in committee of the whole by Betts providing that only bankrupt stocks of liquor may be sold by auction.

Cayley amended section 5 providing that license commissioners may be removed at pleasure by the lieutenant-governor in council.

Cayley also provided after section 30 that country hotels shall have 6 bed-rooms and stabling for 6 horses; hotels in unincorporated towns must have 7 bedrooms, town hotels shall have 10 bedrooms.

Betts' proposition that the number of hotels should be limited according to population, was carried by 12 to 11.

Knowling's amendment that hotels should close on Saturdays at 7 p. m., carried.

Dill succeeded in amending the bill by raising the age of persons entitled to purchase liquor from 16 to 18 years.

The sub-section providing for the issue of permits in an anti-license district, was struck out on motion of Tweed.

The C. P. R. dining car service is to be charged a license fee of \$100.

Tweed moved that the penalty for the first infraction of section 88 be jail. Lost.

Dill moved that section 114, providing that a second offence may be treated as first offence, be struck out. Lost.

Betts' amendment to sub-section 6 of section 24 that in towns of 500 people not more than two hotel licenses should be issued, with an additional license for each additional 500. Cayley and Haultain opposed.

Carried by 16 to 8.

Clinkskill's amendment that no license be granted unless there are 15 householders within a radius of two miles was carried by a majority of one. This was afterwards defeated by a majority of one.

Sub-section 2 of section 48 was amended by providing that a first vote in favor of local option might be taken in March of 1892.

The past year's business has not realized the expectations of the Alberta Railway & Coal company. It has been particularly disappointing in the United States from whose trade so much was expected, owing, the annual report says, to competition of United States coals, but report says to jealousy of the Great Northern railway system with which the Lethbridge railway solely connects in the States. Arrangements have been made regarding the indebtedness of the company and an immense tract of land has been sold to Mormons in Utah, from which sale a good sum is expected to be realized.

J. C. Patterson, M. P., for Essex, Ontario, has been sworn in as secretary of state, Hon. J. A. Chapleau has been made minister of customs, Hon. M. Bowell has become minister of militia and defence. Carson has no portfolio. That of post office is still vacant.

COAL.

D. C. Robertson is shipping two car loads of coal a week to Calgary, where it is giving every satisfaction, in competition with the Canmore and Lethbridge coals. It sells at \$7 a ton, as against \$8 for Lethbridge and \$9 for Canmore. Mr. Robertson is confident that the trade can be very much increased, and is opening a seam on the bank of the White Mud creek close to the railway track with a view of overcoming the present comparatively long haul from the mine to the railway station, which adds considerably to the cost of the coal. It is now well established that the Edmonton coal has marked advantages over that of Lethbridge and Anthracite. The Lethbridge coal burns freely and contains little or no stony matter, but it gives off a great deal of soot, so much indeed as to make it altogether objectionable for use in stores or dwellings where goods or furniture is likely to be damaged. Besides it is very full of gas and stoves filled with it are liable to explode. It is altogether unsuitable for base burner stoves or for blacksmithing. The coal from Anthracite is cleaner and gives off no gas or soot, but it lights slowly, requires a very strong draft to make it burn well and is very full of stony matter, which is not only clear waste in itself, but tends to choke the fresh coal and necessitates the frequent cleaning out of the stove. The Edmonton coal is as easily lighted and burns as readily as the Lethbridge coal, like the Anthracite is perfectly clean to handle, it gives off no soot and has so little gas that it does not tend to explode in the stove, it may be used in base burner stoves, direct draft stoves or in the open grate, but gives the best satisfaction in the direct draft stove. It is the only coal used for blacksmithing at Edmonton, and although not perfect, answers the purpose very well. It burns to ashes in the stove, leaving no stony matter. If, however, a very strong draft is turned on it will form a small amount of clinker which requires to be cleaned out occasionally. It is the best if not the only coal in the Territories thoroughly adapted for use in ordinary cook stoves. When the superior suitability of the Edmonton coal for household use is considered and the extreme cheapness with which it can be mined and shipped, it seems certain to take the lead throughout the Territories. Its one fault is that it tends to break up into small pieces if handled in summer, but this does not affect it so greatly in winter, when the trade in household coal is chiefly done.

SCHOOLS GRANTS.

On Wednesday, January 20th, Mr. Haultain, chairman of the executive committee of the Northwest assembly, submitted a resolution bearing on the question of Northwest government finances. The following is apart of the resolution referring to aid to schools:

Owing to the fact that the Parliament of Canada has seen fit to reduce for the current year the amount of its annual grant in aid of public education in the Northwest below the requirements of the schools already, or about to be, established according to the terms of the School Ordinance passed by this assembly, it becomes necessary to specially set forth the advisability of continuing such annual grant either as a special grant for education or as a part of the total grant for expenses of local government proportioned as hitherto to the conditions peculiar to the Territories and their constantly increasing necessities resulting from increase of population.

The absolute necessity of adequate provision for the education of children resident in the Territories rests mainly on two grounds:

(1) That such provision is a powerful immigration attraction to intelligent and educated people, who are the most desirable settlers, and

(2) That it is the most powerful agency in bringing the whole future population of the Territories up to a high standard of intelligence, and therefore of ability to make the most of their surroundings.

The conditions prevailing in the Northwest which absolutely prevent the possibility of establishing an entirely self-supporting system of education throughout the Territories are:

(1) The comparatively low assessable value of the land held by settlers.

(2) The still lower assessable value of the large areas of unimproved land held by speculators.

(3) The comparatively small amount of assessable personal property held by new settlers, who form a very large proportion of the whole taxable population.

These difficulties are incidental to the settlement of any new country and will have to be met to a greater or less extent as this country fills up more or less rapidly, until it is so filled up that it ceases to be a new country.

Besides and above these difficulties is the much greater difficulty arising from the necessarily scattered nature of settlement whereby, in any case, only a small amount of taxable property is found within any school district outside of towns.

This difficulty is due mainly to the policy

embodied in the Dominion Lands Act, whereby every alternate square mile of land throughout the Territories is absolutely reserved from settlement.

The Assembly maintains that when in the pursuance of its land policy the Parliament of Canada legislates in such a way that the schools of the Northwest are absolutely prevented from being self-supporting a moral obligation is incurred to meet the deficiency in school revenue so created.

The Assembly desires further to point out that of the lands reserved from homesteading as above mentioned two sections in every township, or some six million acres in all, in the organized districts of the Territories, are held reserved for the purpose of providing aid to schools, and that the Parliament which holds such an immense amount of land reserved ostensibly for school purposes can not justly ignore the need of aid felt by the schools of the Territories at the present time.

The school system of the Northwest has been built up on the strength of the certainty that Parliament would fully recognize the school necessities of the Northwest, and its own obligation to meet those necessities by an adequate annual grant.

If this grant is not continued with a view to fully meet the school necessities of the Territories, it will become necessary to restrict the operations of the school system within such narrow limits as to materially injure the present population and to withdraw one of the greatest attractions tending to increase that population and render productive this vast country.

THE ASSEMBLY.

The Northwest assembly was prorogued on Monday, January 25th. The important work of the session was the final settlement of the long standing dispute as to whether the assembly or the lieutenant-governor should control, in favor of the assembly. All the contentions of the majority in the old assembly have been conceded, and the executive is now in name and in fact responsible to the people of the Territories through their representatives for the administration of the finances and for all executive acts. The most important piece of legislation was the license ordinance, whereby the principle of the prohibition of the liquor traffic was reversed in favor of a license for revenue. Another important question dealt with was the matter of education. The Dominion government had withheld a part of the usual aid to schools, so that the deficiency had to be dealt with by measures of economy. The amendments made to the school ordinance in the matter of the appointment of school inspectors did not meet the views of several of the members and an amendment, having the effect of a vote of want of confidence in the executive, was moved by Mr. Prince, which was defeated on the following vote: Yeas—Prince, Nolin, McKay, Davidson, Clinkskill, 5. Nays—Betts, Meyers, Knowling, Mowat, Neff, Sutherland, Tweed, Haultain, Campbell, 10. As Mr. Clinkskill, in this case voted against a measure proposed by his colleagues of the executive he could not continue to hold office with them and therefore resigned. As all the Saskatchewan members, except Betts and Meyers, voted with him against the executive, one of these two must be selected to fill his place as the representative of Saskatchewan on the executive committee.

CRICKET CONCERT

The cricket club gave a very successful concert in Fields' hall, on the evening of Burns anniversary, Monday, January 25th, H. S. Young, chairman. The attendance was good. The following programme was rendered: Piano duet, Miss Lily and Master Alex. McCauley; Song: "The King's Minstrel," A. G. Randall. Reading, W. Johnstone Walker. Song, "Rothsay Bay," W. Wilkie. Vocal duet, Messrs. Vanbuskirk and Beale, with banjo accompaniment by the former. Song, "The Storm Fiend," F. D. Fortin. Recitation, W. D. Wilkie. Song, "Alone on the Raft," A. G. Randall. Vocal trio, "Canada, Fair Canada," Messrs. Becher, Fortin and Michael. Stump speech, Mr. Vanbuskirk. Song, "Watching Alone," Mr. Becher. Vocal duet, "Pilot Brave," Messrs. Fortin and Michael. Instrumental duet, whistle and banjo, Messrs. Flynn and Vanbuskirk. Song, "Where there's a will there's a way," J. R. Michael. Vocal trio, "Good Night Ladies," Messrs. Becher, Fortin and Michael. Dr. McInnis played the piano accompaniments. A dance followed the concert and was also thoroughly enjoyed. The proceeds of the concert amounted to \$54.

Fraser & Co. have contracted for 75 tons of coal from C. Sandison for steam purposes on the grist mill.

Gos. A. Blake, an old time resident of Edmonton, has removed from Seattle to Texas, following the boom.

The Alberta Railway & Coal company is again applying for a charter to build through the Crow's Nest Pass.

Walter Dewdney, brother of the minister of interior, accidentally shot and killed himself recently at Vernon, B. C.

NORTHWEST ESTIMATES.

The following is a statement of the expected revenue and expenditure of the Northwest government for the half year from January 1st, 1892, to July 1st, 1892. The reason that estimates are submitted for only a half year is that the larger part of the Northwest government revenue is derived from the vote of parliament which extends from June 30th of 1891 to June 30th of 1892. As the parliamentary vote is not a fixed amount it could not be known what the amount to be granted by the parliament which will sit in February for the year following June 30th, 1892, would be, and therefore it was impossible to estimate concerning it. The reason that the estimates did not include the sums expended during the half year from June 30th, 1891, to December 31st, 1891, was that up to December 31st the expenditure had been made on the responsibility of the lieutenant-governor independent of the assembly. With the new year a new order of things was entered upon and the house through its executive committee become responsible for all expenditures.

EXPENDITURES.

Estimates of certain sums required for the service of the Northwest Territories for the half year ending 30th June, 1892.

	\$ 20505 06
Balances transferred under Order-in-Council.....	6065 40
	\$ 87110 46

In laying the estimates before the house Mr. Haultain, chairman of the executive committee, mentioned that there was a deficit in the school grant of \$21,000 owing to the growth of the Northwest school system having outrun the grant made for school purposes by parliament. It was hoped that this deficiency would be made good by the Dominion parliament, but in the meantime it had to be met. Grants were paid in full for the half year ending December 31st so that the whole shortage fell on the current half year. The estimates provided for taking \$20,000 from the local funds usually applied to roads and bridges and adding it to the school fund. This reduced the shortage to \$11,000 for the half year, and this would have to be borne by the school districts in a reduction of the percentage of the government grant paid them, or the probability of which reduction they had received due warning. The amount for roads, bridges and aid to districts is \$24,000 or \$25,000 to each district, if an equal division is made. The appropriation to meet the expenses of the executive committee is not large, not quite \$2,000 in all. This will pay for the services of a member of the committee permanently resident in Regina. The three other members of the committee will meet at Regina as circumstances may require. This system will insure the largest possible amount of efficiency at the smallest possible amount of expense. The necessity of a resident member of the executive is much increased by the labor of putting in force the new law.

The Northwest Gazette of January 15th contains the proclamations setting six school districts which have been laid back for some months. As these will follow.

Barbadoes.

LOCAL.

Thirty three parcels of school lands were sold near Glenboro, Manitoba, recently. They contained in all 5,255 acres and realized \$48,997, over \$9 an acre.

COLIN Fraser, an old resident of Edmonton, arrived from Peace river per dog train on Friday of last week, and left for the north again on Wednesday. Mr Fraser has settled permanently on Peace river above the mouth of the Smoky, where a small settlement is starting. Fur is plentiful in the north and trade good, very high prices are being paid, and the Indians are having a good winter.

P. HEIMINCK & Co. have caused to be drafted a map of the Edmonton district on a large scale. It is four by six townships in area, and includes the three special surveys of Edmonton, Fort Saskatchewan and St. Albert. The townships show the physical features given on the large township plans of the land office, trails, postoffices, etc. It is a very useful map. The firm intend having it engraved, and a large number of copies stuck off.

W. H. CUSHING, of Calgary, met the council of the Edmonton board of trade on Tuesday afternoon, and laid before the members a proposition to join Calgary in sending a delegate to Eastern Canada for the winter to work in the interest of immigration to Alberta. Mr. James, of Calgary, is the man to be sent and the Calgary people are putting up \$400 for his expenses. If Edmonton would contribute he could be kept east so much longer. The Edmonton board did not feel strong enough financially to enter into the scheme and therefore could not make any arrangement with Mr. Cushing.

MUNICIPAL ELECTIONS.

The lieutenant-governor's proclamation incorporating the town of Edmonton arrived by Monday's mail. The nominations for the mayor and six councillors will be held on Wednesday, February 3rd, at Fielders' Hall, from 10 o'clock until noon. If a poll is necessary it will be held on Wednesday, February 10th, at the same place, from 9 a. m. until 5 o'clock p. m. The votes will be counted at 5:30 the same evening, and the result declared by A. G. Randall, returning officer. The first meeting of the council will be held in Fielders' Hall on Monday, February 15th, at 7 p. m. The persons qualified to vote at the election of the first council are: "All men, unmarried women and widows, being British subjects over 21 years of age, who have been owners or householders within the municipality for a period of not less than three months next preceding the day of voting." Voting will be by ballot.

FIRE.

On Thursday afternoon a small frame dwelling near Norris & Carey's store, in the west end of the town, the property of Robert Logan, of Beaver lake, burned to the ground. The building was occupied by W. Hamilton. Mrs. Hamilton had gone out for a few minutes, leaving two children aged three and one years respectively, in the house. The children had started the fire accidentally. Adolphus Norris and A. G. Randall were first at the burning building and breaking in the back door succeeded in getting out the two children, who were badly scorched. Nothing else could be saved from the house. The children were taken to the Athabasca hotel and cared for but the eldest died from its injuries on Friday forenoon, and the younger is not expected to recover.

CURLING.

The points competition for the district silver medal, presented by the Royal Caledonian Curling Club, to become the property of the winner, was played on Tuesday and Wednesday of this week. There were twenty-five competitors. Campbell Young took the medal with a score of 23. Last year M. McCauley won the medal with the same score. The following are the ten highest scores: Campbell Young, 23; G. W. Hyslop, 22; John Loochy, 22; W. Patton, 22; J. A. Holden, 21; M. McCauley, 20; Jos. McDonald, 20; Jos. Lander, 18; T. G. Lander, 18; H. D. G. McQueen, 16.
